

false\_type

```
classDiagram
    class nlohmann_detail_has_to_json["nlohmann::detail::has_to_json< BasicJsonType, T, typename >"]
    class false_type
    nlohmann_detail_has_to_json --|> false_type
```

The diagram illustrates an inheritance relationship. A base class, `nlohmann::detail::has_to_json< BasicJsonType, T, typename >`, is represented by a gray-shaded box with three horizontal compartments. The top compartment contains the class name. Two empty compartments are below it. A blue arrow with an open triangular head points from the top of this box to the bottom of a white box above it. The white box, representing the derived class `false_type`, also has three horizontal compartments, with the top one containing the name and two empty ones below it.
